

HOW TO KOMBARDO

YOUR GUIDE TO BUYING TICKETS FROM THE LOW PRICE BUS COMPANY

1. You start booking from the front page

<https://www.kombardoexpressen.dk>

Book billet = Book ticket

Ændre billet = Change ticket

2. Vælg billettype = choose ticket

Enkelt = One way

Retur = Return

3. Vælg rute = Choose route

Fra = from (Choose København)

To = til (Choose Aarhus)

4. Hvor mange personer... = How many people

Voksne = adults

(Choose number and click 'næste' = next)

5. Vælg antal cykler = tickets for bikes

6. Hvilken dato... = Choose a date

7. Hvornår på dagen... = Choose a departure time

When choosing your time of departure, note the small 'ferry' or 'bridge' icons right over each option. Two or three times a day the bus goes via the bridge instead of the ferry. You want the ferry! The bridge route is much longer. You're welcome.

8. Vælg billet = Choose type of ticket

Often the yellow low price ticket is the only option. It is non-refundable, but if your flight is delayed, you can change your ticket online up to 45 minutes before departure. It costs a small fee and the price-difference in case your new ticket is more expensive than the one you booked at first.

If you have chosen to buy a return ticket, step 4–8 will be repeated here for choosing your trip back to Copenhagen.

9. Ekstra tilkøb = Extra add-ons

Ekstra bagage = an extra piece of luggage (you can bring one suitcase/ backpack plus a small piece of hand luggage, small enough to go under your seat).

Sid sammen = If you are booking together and want to be sure that you can sit together, choose this option

Sid forrest = Reserve a seat in front of the bus if you prefer a less bumpy ride (the busses are very comfortable though, even the back seats).

10. Her er din rejse = Order summary

Check that everything is as it should be, and pay with credit card.

The payment site has an English option.

That's it. You can print your ticket or just keep it on your phone and show it to the driver. Have a nice journey.
