## Visa Information

### Do I need a visa?

Please visit the [New to Denmark](#) website to find out if you need a visa to enter Denmark.

### How do I apply for a visa?

Please visit the [Danish Immigration Service](#) website for general information about the requirements for applying for a visa and the application process.

### When and where do I apply for a visa?

Please be aware that the visa application process can take a considerable amount of time. You may submit your visa application 3 months before your departure date to Denmark; however, all necessary application paperwork must be obtained and completed in advance to ensure that you are prepared to submit your application as early as possible prior to departure.

Please consult the website of the relevant Embassy for information about how and where to apply for visa. A list of where you can apply can be found [here](#).

### Travel medical insurance

You must hold a travel insurance policy to cover possible expenses in connection with a return for health reasons or death, indispensable medical treatment or acute hospitalisation during your stay. The insurance policy must cover all Schengen countries, and the minimum policy coverage is €30,000. The insurance policy must be valid for the same period as the visa. The validity of the visa may be shortened if the insurance policy does not cover the entire period.

## An applicant must normally meet the following basic conditions in order to be granted a visa

Your passport or other form of valid travel document must be valid for three months past the visa expiration date.

Your passport or travel document must have been issued within the past 10 years.

You must have the necessary means to pay for your stay and return trip. What will be considered as necessary funds will be determined by the Danish diplomatic mission and depends on the length of your stay, and whether you will stay at a hotel or with friends or family.

As a general rule, you must have at your disposal approx. DKK 350 per day. A smaller amount may be accepted if you are staying in a private home and your host will cover all costs. If you are staying at a hotel, the amount must be greater, approx. DKK 500 per day except if the host pays per diem.

You may not be registered as an undesirable in the Schengen Information System (SIS II).

You may not have been deported from Denmark and given an entry ban.

You may not be listed on UN or EU sanction lists.

You may not be listed on the national sanction list of religious preachers with entry ban.

These conditions apply at the time your visa is issued, as well as when you enter and stay in the Schengen region. It is therefore important that you are able to document at all times that you have the necessary funds to pay for your stay and return trip, and that you hold a valid travel insurance policy. If you do not meet these conditions, your visa can be confiscated and revoked, in which case you will be required to leave the Schengen region immediately.

If the Immigration Service suspects that you intend to seek permanent or long-term residency in Denmark, or that you may pose a threat to national security or public safety, your visa application will be refused.
